

Fidelity Decision Tree for Increasing Student Outcomes in Literacy

Tier I Evidence Based Core Curriculum

- Do you have an evidence based core curriculum?

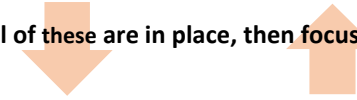

What more do you need to do?

What additional support do you need?

-What evidence do you have that the core curriculum is working? (What measures?)

-What is your evidence for ensuring fidelity?

If all of these are in place, then focus on

Tier 2 & 3 Evidence Based

- Do you only use evidence based interventions?

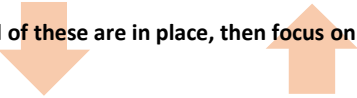

What more do you need to do?

What additional support do you need?

-What evidence do you have that they are working? (What measures?)

-What is your evidence for ensuring fidelity?

If all of these are in place, then focus on

Evidence Based Instructional Strategies

-Are all your staff trained in evidence based instructional strategies?

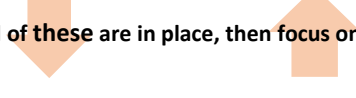

What more do you need to do?

What additional support do you need?

-Do you provide consistent coaching to support evidence based instructional strategies?

What is your evidence for ensuring fidelity?

If all of these are in place, then focus on

Data Decision Making/ Assessments

- Do you have a documented system for collecting and organizing student academic data?

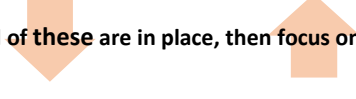

What more do you need to do?

What additional support do you need?

- Are you using screening data or other data to inform instruction at all tiers including core instruction?

- What is your evidence for ensuring fidelity?

If all of these are in place, then focus on

Instructional Leadership

- To what extent do the actions and decisions by your administrators improve the effectiveness of MTSS implementation?

What more do you need to do?

What additional support do you need?

- Have your staff been trained and continued to be supported in the components of a MTSS framework?

- Does your district have a designated person that oversees the fidelity of MTSS implementation?
